Tools: GitHub, Jupyter, Unity Hub

PROJECTS

Terminal Hangman Game with Data Analytics

<https://github.com/rkturer/hangman>

Boston, MA

November 2025 - Present

- Designed a color-coded performance dashboard that compares recent gameplay vs historical user averages to highlight improvements & areas of weakness
- Automated logging of game statistics (guesses, outcomes, accuracy) to CSV files, enabling creation of scatterplots, histograms, and piecharts in the data visualization game feature
- Created a multi-file Python application using OOP, modular architecture, custom classes for login, game play, data handling, and user interface

Movie Recommender Program

<https://github.com/rkturer/movie-recommender>

Boston, MA

September 2025 - November 2025

- Cleaned and processed raw .dat files using Pandas on Jupyter Notebook to generate a structured CSV file for easy integration into movie recommender user interface, strengthening data wrangling and analysis skills
- Integrated a third-party API to retrieve and display streaming, renting, and purchasing availability for the recommended titles across platforms in the United States of America, enhancing user convenience and search efficiency

Self Directed Learning and Web Development

rkturer.github.io

Boston, MA

September 2025

- Built a professional portfolio website showcasing projects, education, and professional experiences, designed with a clean and user-friendly personal interface
- Utilized AI tools and online resources to independently learn and apply HTML, CSS, and JavaScript strengthening front-end development and web design skills for future projects

EXTRACURRICULARS

Boston University Varsity Field Hockey

Athlete

Boston, MA

August 2025 - Present

- Balance the 30+ hour a week time commitment of sport at the NCAA Division 1 level with a rigorous course load
- Member of Athlete Ally champions LGBTQ inclusion and safety in sport through pride games and community service

Peer Tutor

Mathematics, Computer Science, Physics

Watertown, CT

September 2023 - May 2025

- Supported 40+ students struggling in STEM classes by explaining concepts, designing supplemental practice exercises, and creating individualized preparation strategies in collaboration with teachers

Gender and Sexuality Alliance

Co-head

Watertown, CT

March 2023 - May 2025

- Raised over \$2,000 for The Trevor Project by organizing pride games, raffling off donated jerseys, and delivering a speech to 750 students, parents, and faculty about the importance of suicide prevention resources for LGBTQ youth
- Organized biweekly meetings with trivia, discussions, and snacks to provide safe spaces for all students to gather and build community
